

Readers Choose **The Top 10 Architects/Interior Designers**

Each month, Women's Business asks readers for nominations to create a Top 10 list in a particular category. In this issue we present the region's leading architects and interior designers. Following are the dynamic professionals readers turn to for top-notch renovation and new project work.

Kathie Chrisicos

President

Chrisicos Interior Design

"Kathie has the ability of listening to the customer and then accessing and incorporating in her mind's eye the customer's design vision to create an entirely new home wonderland or office utopia to meet the customer's dreams. I am in awe at her ideas and ability to be both classical and trendy. Kathie can really 'make it happen.' My staff and I have put our faith in her."
