## **KATHIE CHRISICOS OF CHRISICOS INTERIORS HONORED BY BUILDERS ASSOCIATION OF GREATER BOSTON**

Kathie Chrisicos, owner and president of **CHRISICOS INTERIORS**, was recently honored with the “Rookie of the Year” award from the Builders Association of Greater Boston (BAGB) in recognition of her outstanding contributions to the organization in 2006. This award – given annually to a new member who demonstrates an exceptional commitment to the mission of the association – was presented at the annual BAGB Awards Banquet held on April 25<sup>th</sup>.

“I am truly honored to have received this award,” states Chrisicos. “Last year I served as president of the IFDA (International Furnishings and Design Association) and felt it was critical to nurture the relationship between professionals in the home improvement industry. BAGB offers endless opportunities to those of us in the trade and I continue to advocate for the organization because I’ve experienced first hand the benefits of membership.”

With over 700 members, BAGB is a trade association affiliated with the National Association of Home Builders and Home Builders Association of Massachusetts. Since 1944, they have represented the industry of builders, developers, remodeling contractors, designers and carpenters through education, legislative representation, ethical standards, marketing and communications.

Kathie Chrisicos, of **Chrisicos Interiors** – named as one of the “10 Best Interior Designers” by *Women’s Business* in 2006 - provides interior design for individual spaces or entire homes, project management, and space planning, as well as decorating consultations, redecorating, window treatment design, color consultations, and furniture selection. In her role as president of IFDA last year, Chrisicos worked diligently to enhance the professionalism and stature of the IFDA for The New England chapter, initiating numerous programs emphasizing education and outreach for members and visibility for the importance of the organization.
